### 1. INTRODUCTION

When editing the articles which are to be published in the RCIC'11 proceedings some rules will be respected as follows: the whole paper must be written with no free space between lines using the Times New Roman CE; the margins of the text: Top – 28mm, Bottom – 20mm, Inside – 25mm, Outside – 20mm, Header – 18mm, Footer – 15mm, Mirror margins activated, Paper format A4 210X297)

It is recommended that the paper should have an even number of pages (maximum 6). All pages will be sent to the e-mail address: a.lesenciuc@yahoo.fr.

The title will be written in Upper cases 14pt, bold, centered.

The name of the author will be written two free spaces below the title of the paper: First name, surname, font 12pt, bold, centered. A free space (12pt) below the name will be left before writing the name of the institution, font 11pt, centered.

### 2. THE TEXT OF THE PAPER

**2.1 The main part of the text.** The text of the paper will be written in English, two free spaces below the keywords, divided into two columns separated by a 5 mm free space. The characters will be 12pt high, justify (left-right alignment).

The main parts of the paper will be introduced by numbered titles with Arabic figures and printed in capitals, font 12pt, bold, centered. A free space will be left above the text and another one below it. Paragraphs will be 6mm indented.

**2.2 Diagrams and charts.** Drawings, diagrams and charts will be separated by a free space from the text and printed as close as possible to the first reference. Their width will not exceed that of the column they belong to. Should this be impossible to achieve then they will be printed across the whole breadth of the page either at the top or the bottom of the page.

Diagrams and charts will be numbered by using Arabic figures and will be accompanied by captions. Ordinal numbers and figure captions will be printed leading of free space 8pt below the drawings, centered, font 11pt.

Ordinal numbers and the charts explanations will be printed above the chart, right alignment, font 11pt.

**2.3 Mathematical formulae.** Characters of mathematical formulae will be Times New Roman straight: Full - 12 pt.; Subscript / Superscript - 9 pt.; Sub-Subscript / Superscript - 7 pt.; Symbol - 16 pt.; Sub-Symbol - 12 pt. They will be printed 6mm left alignment. Ordinal numbers will be printed within round brackets right alignment.

Long mathematical formulae will be broken up so as not to be wider than the

column or they can be printed integrally on the whole width of the page either at the top or bottom of the page.

**2.4 Other aspects.** Names of firms will be printed in Upper case, straight and the names of military technology products in Upper case, Italic. Neologisms, already accepted and registered in dictionaries will be printed in regular characters. Those which have not yet been registered in dictionaries will be printed in Italic.

### 3. REFERENCES

Bibliography will be printed in the alphabetical order at the end of the article and will be numbered in Arabic figures. The text will be left alignment, 6mm indented. The titles of the reference articles, books and papers will be printed in Italic.

Reference citations will be marked in the text as follows: (Name of the author, publication year: page/pages). Examples: (Cook, 2001:14), or (Cook, 1975/2001:14), or

(Harris, Johnson, 2010: 167-180), or (Mattis *et al.*, 2008:98), or (Walter, 2009), etc.

### 4. CONCLUSIONS & ACKNOWLEDGMENT

The authors take full responsibility for the contents and scientific correctness of the paper.
